

Pneumatic Actuators range

numatics[™]

EMERSON[™]
Industrial Automation

A full range of pneumatic actuators for all your applications

Conforming to CNOMO 06-07-02-AFNOR

With tie-rods

Conforming to ISO 6431/6432-CETOP-AFNOR

Round cylinders

Conforming to ISO 15552

With tie-rods

Profiled barrel cylinder

304 SS cylinders with "cartridge-type" front end cover

Rotatable cylinders

Cylinder options to ISO 15552

Back-to-back mounting

Rodless cylinders

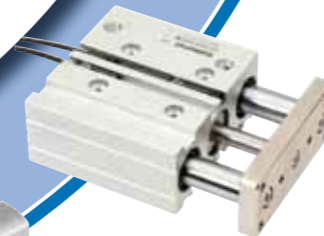

Rod lock

Stopper cylinders

Guiding unit

Guided compact cylinders

Compact cylinders

Short-stroke cylinders

Compact cylinders

Services & solutions: Save up to 30% (Procurement, Logistics, Assembly).

Our assembled solutions give you even more opportunities for integration and savings than simple solutions.

The components are sized and selected according to your specifications, then mounted with optimum space-efficiency while taking into account your constraints.
