Exhaust Silencers

Welcome to the latest edition of the Pneumax fittings catalogue and price list. As you will see, we have taken this opportunity to increase the range of products available.

We have expanded our range of Technopolymer fittings to include the new 45° elbow and have added 12mm options to our range of “all metal” push-in fittings. In addition to this we have added a complete range of 316 stainless steel push-in fittings as well as a comprehensive range of airline adaptors, exhaust silencers and polyurethane tubing.

Please note:

Fittings with taper threads are supplied with a pre-coated thread sealant applied and fittings with parallel threads are fitted with an O-ring seal.

Technical Data: Fittings

Fluid	Air, Vacuum
Operating Pressure	0 to 145 psi (0 to 10 bar)
Vacuum	-14.5 psi (-1 bar)
Operating Temperature	
Technopolymer Fittings	0 to +60°C
Metal/Stainless Steel Fittings	-20°C to +80°C
Tube	Nylon, Polyurethane

Technical Data: Tubing

Material	Polyurethane
Fluid	Air, Water
Operating Pressure	0.8 Mpa (120 psi)
Operating Temperature	-20°C to +60°C

The overall dimensions and technical information are provided solely for information and may be subject to change without notice.

Polymer Fittings
