STEPHAN MACHINERY

STEPHAN Machinery was founded in Hameln in 1953 and soon attained a leading position in the market. Now STEPHAN Machinery can look back on 60 years of experience in the food industry, supplying many leading food brands with customised machinery that supports their production processes most efficiently. Customers across the world are trusting STEPHAN Machines when it comes to mixing, dispersing, emulsifying, cooling, direct and indirect heating, cutting, cooking etc.

In recent years STEPHAN Machinery has developed into the market leader in the field of machinery for processing convenience food and dairy products, meat and confectionery.
