

SOUZIMPORT

IMPORT AND LOGISTICS

ABOUT COMPANY

We can propose you industrial equipment from the well-known foreign suppliers. Ordering from us is an excellent chance to be supplied with the high-quality industrial equipment in short terms and at the best price, so you can keep your working process constantly running.

How our clients benefit from cooperating with us?

Our company performs in two highly demanded business directions: import and transportation. Therefore our clients benefit from it, namely:

- **Time and money saving:**
You will not have to deal with two companies: one that will buy industrial systems needed and another that will deliver it to your point of destination. Moreover you will not pay to the both of the companies. Our company will propose you effective solutions to all your questions. We will provide you with a qualified service on equipment searching, order processing and delivery.
- **One order – one manager:**
Your order will be proceeded by one manager of our company starting from the very inquiry status to the moment it is successfully delivered to the point of destination. It will facilitate your following the current order, solving all possible questions that may arise about the order.
- **Strict fulfilment of the delivery terms fixed in the agreements:**
We are professionals in our business. We settle various customs matters as well as other matters with supervisory agencies successfully. Your goods ordered from abroad will be delivered just on the time agreed preliminarily.

FOR THE CUSTOMERS

1. Urgent calculation of the orders;
2. Shortening of expenses on 10-15%;
3. Minimal term of delivery;
4. Total complex service «door-to-door»;
5. Official warranty from the manufacturer on the production;
6. Certification of delivered equipment.

FOR THE SUPPLIERS

1. Our staff of employees includes:
 - 5 purchasing managers;
 - 12 sales managers.
2. We calculate more than 60 orders per day;
3. We bought equipment on the sum of 600,000€ during 2015;
4. We deal with more than 500 suppliers;
5. We cooperate with such corporations like: LUKOIL, ROSNEFT, SIBUR, PEPSI and others;
6. We work only with end users.
